Omni SB1 Plus Sound Bar

Premium Home Theater Sound Bar and Wireless Music Streaming System with Polk's VoiceAdjust Technology

The Omni SB1 Plus with Polk VoiceAdjust™ Technology is a dialogue enhancing 3.1 sound bar system that creates a broad, enveloping soundstage for movies, music and more. The SB1 Plus's VoiceAdjust Technology utilizes the optimized 3-speaker array with controllable voice channel level to reproduce clear, crisp dialogue. The included 8" wireless subwoofer gives the SB1 system a rich bottom end while eliminating the clutter of wires.

Music and Movie Immersion Modes enable you to tailor the bar's sound field for a more immersive listening experience.

Polk's exclusive Full Complement Bass Technology lets the bar reproduce its lowest range easily, creating a warm, bass-rich timbre at lower distortion and higher volumes.

SmartBar™ enables your sound bar to learn your TV's original IR remote control commands so you can control your soundbar with your TV remote. (Backup remote included.)

Dolby Digital decoding includes Dolby Digital 5.1 and 2.0.

Bluetooth Adapter Included The SB1 Plus comes with a separate Bluetooth adapter so you can switch between Wi-Fi and Bluetooth in seconds -- play audio from even more online sources from your phone, tablet or computer and restream it to any Play-Fi speaker on your network.

Wireless Rear Surround Technology The SB1 Plus supports up to two Play-Fi speakers as rear surrounds. Use the Omni Play-Fi app to connect the sound bar to wireless surround speakers. (App and firmware update may be required)

Omni: The First Great-Sounding Wireless Music System

All the music you love, anywhere in your home

The Omni SB1 Plus is part of the Omni Collection, a series of wireless products that allow you to control what you want to listen to from your phone, tablet or computer and stream it wirelessly to any room. Plus, you can start with one and then add throughout your home.

Super Simple Setup

Its ultra low profile design will not block your TV's IR ports. Setup is simple with the included optical cable. SmartBar technology ensures your universal TV and cable remote is compatible with the SB1 plus.

Polk Omni Apps

The free Polk Omni App allows you to mix-and-match speakers with the open DTS Play-Fi™ Technology and future-proof your home music solution. Stream the same music to every room or stream different songs to different rooms. The Polk Omni Utility App gives you extended functionality, including product firmware updates, and EQ settings for the A1 Amp.
