

# Signal S1™

Universal TV Sound Bar and Wireless  
Subwoofer System

# Signal S1™

The low-profile Signal S1 universal TV sound bar delivers an incredible, room-filling home theater experience—far beyond anything you get from your TV's small built-in speakers. Includes optical cable for quick and easy setup. Features Polk's patented Voice Adjust technology for clear dialogue and Dolby Digital decoding for immersive, performance-tuned surround sound—and it comes with a wireless subwoofer for deep bass impact. Plus, stream your favorite music through *Bluetooth*®.

## Features

### Performance-Tuned Surround Sound

Dolby Digital decoding creates incredible room-filling virtual surround sound that easily beats your TV's small speakers.

### Polk VoiceAdjust™ Technology

Customize the voice levels to reproduce clear, crisp dialogue and never miss a single word of your favorite movie, TV show or sporting event.

### Low-Profile Design

At 2" tall, it fits most spaces—easily wall-mount it or set it in front of your TV. It won't block your TV's bottom edge or IR remote sensor.

### Easy Setup

Included optical cable quickly connects your TV to the sound bar so you're all set up and listening in minutes.

### Exclusive Full Complement Deep Bass Technology

Included wireless subwoofer reproduces deep bass impact you can feel.

### Wireless Music Streaming

From your smartphone or tablet with *Bluetooth*®
